PERFO

S2T GRASS REINFORCEMENT

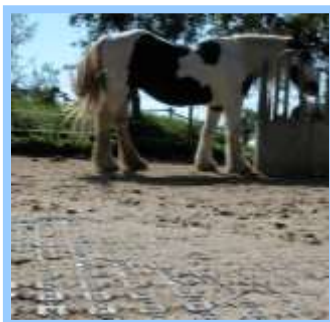

PERFO

Interlocking PE/PP Tiles The alternative to mud and muck Ideal for stables, paddocks and yards

- durable, all weather surface which prevents rutting
- can be laid directly onto unprepared or prepared ground
- secure interlocking tiles prevent standing edges
- textured surface for safe grip
- load bearing up to 100 tonnes/m²
- tiles allow water to pass through them.
- natural drainage maintained
- surface kind to hooves, joints and tendons
- easy to clean, resistant to frost, UV and acidic substances
- planning permission not normally required
- simply compacts into the ground. No special skills required
- easy to install yourself in a short time
- tiles can be removed or relocated later, if required
- no splintering or risk of injury
- low cost when compared to alternative options
- product range successfully tried and tested throughout Europe

Easy to install in
3 simple steps

Transforms soft ground
into a stable base

Grass grows back
through the tiles
